Dear Sirs:

I am writing as a follow-up to the letter we mailed to you dated November 19, 2004 (see attached).

This matter is still unresolved in that we have never received a response to the aforementioned letter.

We would greatly appreciate a response at your earliest possible convenience, for we believe that a simple mathematical error should not penalize us or our students.

Thanking you in advance for your prompt attention to this matter.

Respectfully submitted,

Sister Dorothea Jutkowski

Billed Entity No.:	11950
471 Application No.:	391829
Funding Request No.:	1088788
SLD Decision on Appeal:	Denied in Full
Original Appeal Dated:	July 21, 2004
SLD Response Dated:	November 16, 2004

Dear Sirs:

On July 21, 2004 we appealed to the SLD FRN 1088788, which represented approval for funds for Internet access. The reason for the appeal is that we made a mistake when issuing the original 471. Instead of stating our pre-discounted amount as \$6,600.00 (annualized, which in fact it is per verifiable billing statements), it was stated as \$1,320.00; simply a misstatement of fact, a mistake. The result was that what was approved was 60% (our discount rate) of \$1,320, rather than 60% of the correct billing amount of \$6,600.00. Our appeal was issued to request correction of that mistake.

SLD's response was as follows, and I quote:

"... while you have requested an increase in your funding request on the basis of a mathematical error, there is no documentation either in the original review or on appeal that supports this conclusion."

We respectfully ask that given the facts in this case, we are granted the 60% discount on the actual billed amount of Internet access of \$6,600.00 and not the mistakenly referenced amount of \$1,320.00. Attached is documentation, which supports our claim of actual billing in the amount of \$6,600.00 annually.
